

AI PLATFORM SUBSCRIPTION AGREEMENT

This AI Platform Subscription Agreement is entered into by VectorPeak AI Corporation ("Vendor") and Summit Lending Services Ltd. ("Customer") effective March 15, 2026.

1. SUBSCRIPTION AND SCOPE

Vendor grants Customer a limited subscription to its hosted AI platform. Features, model providers, usage limits, and support coverage may be modified by Vendor at any time without prior notice.

2. TERM AND AUTOMATIC RENEWAL

The initial term is thirty-six months. The Agreement automatically renews for additional three-year terms unless Customer gives written non-renewal notice at least one hundred eighty days before the renewal date.

3. FEES

Customer will pay USD 900,000 annually in advance. Vendor may increase fees by up to twenty-five percent each renewal term. All fees are non-refundable and payment is due within ten days.

4. DATA RIGHTS

Vendor may use Customer Data, prompts, outputs, and derived data to operate, improve, train, and commercialize Vendor products. Vendor may retain de-identified derived data indefinitely.

5. SERVICE LEVEL

Vendor will use commercially reasonable efforts to keep the platform available. No uptime commitment, response-time commitment, service credits, or remedies apply.

6. SECURITY

Vendor maintains security controls it considers appropriate. Vendor will notify Customer of confirmed breaches without unreasonable delay. No specific notification period, audit right, certification, or encryption requirement is provided.

7. WARRANTY DISCLAIMER

The platform and all AI outputs are provided as-is. Vendor disclaims all warranties, including accuracy, non-infringement, fitness for purpose, and uninterrupted availability.

8. LIABILITY

Vendor's total liability will not exceed fees paid by Customer in the thirty days before the claim. Customer's liability is unlimited. Vendor is not liable for data loss, security incidents, regulatory penalties, or reliance on AI outputs.

9. INDEMNIFICATION

Customer will defend and indemnify Vendor against all claims arising from Customer Data, prompts, outputs, regulatory obligations, and Customer's use of the platform. Vendor provides no indemnification.

10. TERMINATION

Vendor may suspend or terminate immediately for suspected misuse, reputational risk, late payment, or any reason Vendor determines necessary. Customer may terminate only for Vendor's material breach remaining uncured for ninety days, and prepaid fees are not refundable.

11. CONFIDENTIALITY

Customer must protect Vendor Confidential Information indefinitely. Vendor may disclose Customer Confidential Information to affiliates, contractors, model providers, and business partners as Vendor considers necessary.

12. GOVERNING LAW

The Agreement is governed by Delaware law, and all disputes must be resolved through confidential arbitration selected by Vendor.
